

Jane Carstens

The Matchmaker

Private Executive Search

I represent an attractive, fit, successful, semi- retired Victoria woman in search of a gentleman with whom to share mutual interests.

Hiking, working out, boating and golf are just some of the activities that keep her fit. While she holds a passion for travel, she also enjoys spending time with friends and family, entertaining at home, dining out, attending the theatre, enjoys all musical genres, and loves to share her kitchen with a willing and like-minded sous chef.

My client would like to meet an active, successful, adventurous 50-60 gentleman, with a great sense of humor. He should be physically fit, active, have the freedom to travel, and share her enthusiasm for life.

If you believe that my client matches your interests please call or email quoting VTC #1110 for a personal confidential interview in Victoria.

(fees are paid for by this client)
