

**Jane Carstens**  
**The Matchmaker**

I currently represent a very beautiful, active, successful, blonde, blue-eyed, athletic and fit, early 30's Physician who is searching for a partner to share similar interests.

She enjoys the outdoors, hikes in and around BC, cross-country, down hills and snowshoes at Grouse and Whistler. She cycles the roads around Washington State, works out at the gym, and runs. An ardent sports fan, she follows the CFL and NFL leagues closely, and is a Seahawks and Canucks fan. She enjoys cooking and entertaining at home, or meeting up with friends downtown for drinks and dinner, or a movie. Whenever she is not in motion, which is rare, you'll find her reading a medical journal, or scoping out a travel site looking for the next country to visit.

My client would like to meet an active 30-40 gentleman who shares her vibrant lifestyle and positive outlook on life.

If you believe my client matches your interests please email or call quoting #VS 0112 for a personal and confidential interview in our Yaletown office.

(fees are paid for by this client)
